

# Expects No War In Berlin

NEW YORK, Sept. 16 (AP) -Former Brazilian President Juscelino Kubitschek said yesterday after meeting with President Kennedy that he expects the freedom of Berlin to be preserved without war.

Kubitschek made the statement in an interview aboard a commercial airliner returning him to New York after a seven-hour stay in Washington.

"I am sure there will be no war," Kubitschek told the Associated Press, "and that the freedom of Berlin will be protected."

KUBITSCHKEK SPENT an hour at the White House at President Kennedy's invitation.

Because of the world situation President Kennedy is the leader of all the Western World, and not just the United States, "and I am sure he will act correctly and make every effort to avoid war," the former Brazilian executive said.

KUBITSCHKEK SAID he told Kennedy, Brazil will certainly adhere to its western democratic traditions under the administration of Pres. Joao Goulart who was inaugurated Sept. 7.

Sources close to Kubitschek said Kennedy asked no questions about Goulart, but that Kubitschek volunteered a statement to the effect that Goulart would provide "stable, democratic leadership for Brazil."

Goulart has been described as a leftist and Brazilian military leaders tried to block his path to the presidency.

ger and proceeding on course of control for 24 hours as Nancy churned up the ocean southwest of Kyushu.

THE BOARD SAID it had picked up trouble reports from several other foreign vessels which have since reported "all's well."

The great industrial center of Osaka, with its 3 1/2 million inhabitants, and the neighboring cities of Kobe and Kyoto experienced winds up to 60 miles an hour later in the day with gusts of 80 miles an hour.

U.S. forces in Japan declared the highest possible alert--typhoon condition one--and warned its officers and men to barricade themselves in their homes, lay in supplies of food, water and flashlights.

Regular U.S.-bound military flights from Tachikawa Airbase, near Tokyo, were cancelled until tomorrow.

ALL COMMERCIAL and domestic airline flights, with the exception of a Los Angeles-bound Pan American flight leaving at 11 A.M., were suspended.

Thousands of big and small vessels sought shelter in bays and harbors along the coast.

Nagoya, which suffered extensive damage and the loss of thousands of people...

# 2 Hospitalized After Mishaps

THREE PERSONS were hurt--two of them hospitalized--in two separate traffic mishaps Friday night, police reported yesterday. None was in serious condition.

Hospitalized were Francisco A. Iriarte, 25, of Agaga Hts, who suffered a fractured right arm and cuts and bruises about the body; and Richard N. Thigpen, a marine from NAS, who sustained cuts on the forehead. Police said Iriarte was taken to Guam Memorial Hospital, Thigpen to Naval Hospital.

THE THIRD person, Manuel Concepcion, 25, a Navyman from VW-1, was treated for bruises on the forehead and cuts on the hand then released.

Police said Iriarte and Concepcion were injured when their jeep, which Concepcion was driving, collided near the Chalan Pago Church with a sedan operated by Vicente Q. Uncangco, 26, of Chalan Pago.

THIGPEN WAS A passenger in an auto that crashed against a guard rail in Sta. Rita at about 11:05 P.M. Police said the driver, Willie L. Freeman, 20, of NAS, was driving around a curve when the vehicle strayed and struck the railing.

CONT'D. FROM P. 1  
were ambushed by Katanga gendarmerie, who put out of action at 2130 two U.N. armored cars, one bus and one truck containing arms and ammunition.

IT IS ESTIMATED that four U.N. Irishmen lost their lives in this action and 15 were taken prisoner.

Will Vermeulen, Katanga radio speaker, gave this news during the combat which could clearly be heard through the microphone.

News about the surrounded Irish company at Jadoville is confused. The Katangans say that after killing 50 the remaining 100 surrendered to the gendarmerie. However, the U.N. force says that Irish reinforcements were sent there and that the Irish are still fighting.

The news of the surrender seems confirmed by reports reaching here over the private Union Miniere telephone system.

THE MAIN BRIDGE on the Jadoville-Elisabethville road over the river Lufira is still in gendarmerie hands and reports of U.N. reinforcements are doubtful.

Belgian doctors of Elisabethville Municipal Hospital threatened to abandon their posts. They said conditions had become impossible. After treating emergency cases, they said, they wanted to report to the Belgian Consulate for repatriation.

A wounded Irish soldier abandoned by his comrades after an encounter with the gendarmerie during the night was found by a Belgian Red Cross worker, courageous Madame Bertone, and taken by ambulance to the U.N. Red Cross Hospital.

CONT'D. FROM P. 1

IN THE VIEW OF the United States, a Chinese Nationalist veto of Outer Mongolia would complicate the fight to keep Communist China out of the United Nations.

The Soviet Union has served notice it will veto the application of French-speaking Mauritania if Outer Mongolia is refused admittance.

In turn, some 14 other French-speaking African states may vent their wrath on Nationalist China, rather than the Soviet Union, if their sister African state is denied admission because Outer Mongolia also was rejected.

THE 14-NATION bloc vote of the Africans could prove of vital importance if used against Nationalist China or if the bloc decided to abstain when the issue of Chinese Communist representation is brought to debate.

# Goding Commends Trust Islands Delegates at Meet

THE SIXTH ANNUAL conference of the Inter-District Advisory Committee to the High Commissioner adjourned its four-day session Friday with High Commissioner M.W. Goding commending the delegates for their accomplishments.

A few minutes before adjournment, the delegates decided to call their group the "Council of Micronesia." They previously had chosen to hold next year's session in Palau.

"I am more than a little pleased at this decision," Goding told them. "I think Palau should be proud of the almost unanimous decision of the delegates. This should be a very historic session--this next year's conference at the district center of Koror."

REFERRING TO conference resolutions and recommendations,

Goding said.

"I want to assure you that they will be given the utmost consideration in an effort to implement all that we possibly can. I plan to confer with the different subcommittees--economic, social and political--as they meet during the year, to this end.

"I think the decision to have the reports of these committees addressed to the chairman is another significant step, giving continuity to this body from one year to the next.

"In closing, I will add only one other note. It has been a pleasure to meet with each one of you. I appreciate your taking your time and giving your attention to these important matters."

RESPONDING FOR THE delegates, conference Chairman Dwight Heine of the Marshalls, thanked headquarters officials and staff for their courtesies, assistance and encouragement. Heine, pointing to a gavel which Goding presented to him as the first Micronesian chairman, said:

"This gavel is very symbolic, because as we bang it, it means the high commissioner is giving us responsibilities in administering our own affairs. This gavel is a manifestation of our true belief in democratic principles."

OTHER SPEAKERS Friday were Deputy High Commissioner Jose A. Benitez and Lt. Comdr. Myles C. King, representing ComNav Marianas. Benitez told the Micronesian delegates:

"I think we have accomplished together the first step toward a union of democratic Micronesian peoples. Now the responsibility is also on your shoulders. The Council of Micronesia will be as big as you people will make it, or as small as you people make it...

"The first thing you should demonstrate is that economic progress does not make a great nation. It is the spirit of the people that makes greatness of nation..."

KING CONVEYED the best wishes of Rear Adm. W.F.A. Wendi who was relieved Friday by Rear Adm. John Starr Coys Jr. King said he was particularly pleased that Saipan this year participated in full delegation status rather than as an observer.

TEST SITE HUMS AGAIN--Scenes such as this are being repeated at the Nevada atomic test site 63 miles northwest of Las Vegas where workers are preparing for resumption of testing. These men, photographed two months ago, are constructing a tunnel under Rainier Mesa in which a nuclear device will be tested. The first tests are expected to be in tunnel rather than in the atmosphere to prevent radioactive fallout. -- AP

President Franklin D. Roosevelt.

There was no opposition to the appointment.

ust 13 are already an ominous revelation of the extent to which the Soviet Government has created instability in the heart of Europe by attempting to impose on the population of East Germany an unwanted and irresponsible dictatorship. This further act would again confirm this fact."

The Western foreign ministers now meeting here were reported to be aware of the alleged East German deportation plan. The official said that they are considering every aspect of the situation, presumably including the question whether they should take counter-measures if access between East and West Berlin is completely shut off.

myko brings word that Soviet Premier Khrushchev is ready for negotiations on what the Western powers would consider reasonable terms.

ON THE OTHER hand, information from inside the conference is that the four Western ministers agreed that they will not become involved in any negotiations in which Khrushchev clearly intends to dictate the terms and defeat and humiliate the West.

If that is the attitude which Gromyko displays to Rusk, the judgment of the Western ministers is reported to be that the prospects for shooting over Berlin will be very great.

INFORMANTS SAID the Western foreign ministers
