Dear Mr. Kirwan:

Now that the Presidential Scholars plan is in the operational stage may I repeat my hurried suggestion of the other day that you write a letter explaining what you feel to be the special claims of the Trust Territory of the Pacific Islands. I think the letter should go to the Chairman of the Commission, President Milton Eisenhower, Johns Hopkins University, with a copy to the man who is in direct charge of the operational phase of the program, Mr. John Stalnaker, President, National Merit Scholarship Corporation, 1580 Sherman Avenue, Evanston, Illinois.

With best wishes,

Sincerely yours,

Eric F. Goldman
