Mr. Ross J. Pritchard, EAPR

Eric Stevenson, GC

Amendment of Trust Territory Program Description No. 401-66-XX-XX-X-01

I have returned the attached Amendment of the Trust Territory Program Description without my clearance because first, it does not contain additional project descriptions for the 13 additional lawyers who, we understand, will be engaged in land codification and court clerkship. Secondly, there is no project description for the 18 construction specialists.
