

UNITED STATES GOVERNMENT

Memorandum

TO : Douglass Cater

DATE: October 12, 1966

FROM : Ross Pritchard 

SUBJECT:

Doug, in sending this over I want to point out that this idea obviously has some rather broad implications, none of which have been raised with AID, State, or Interior. The purpose of sending this thought over to you is to get your appraisal. If you do think this idea has some merit, it would then be time to walk the idea around.
