SUMMARY: The opportunity for Peace Corps Volunteer lawyers to provide assistance to the Congress of Micronesia has developed sooner than expected. Beginning in March, rotating teams of four lawyers will be brought into Saipan for a six week stay, straight through to August. They will be researching and drafting some 122 pieces of legislation for this coming session of the Congress of Micronesia. They will also be assigned to committees in both the House and Senate, performing staff work and acting as committee counsel. In addition, one or two lawyers will work with the Office of the Legislative Counsel, assisting this office in providing increased support to the deliberations of the Congress.
