Discussions on South Pacific Islands

1. There is enclosed a copy of an invitation to the United States Government from the Government of Australia to meet with senior officials of that country, New Zealand and the United Kingdom to discuss the South Pacific Islands. There is also enclosed a copy of the suggested agenda papers and authors prepared in my office and based upon the Australian paper.
2. The preparatory group for these discussions, under the direction of Deputy Assistant Secretary Berger, has accepted this agenda and has proposed that the United States Delegation should prepare for circulation at the meetings a paper on the Peace Corps in the Trust Territory.
3. It is our thought that the paper might include a brief description of the scope and functions of the Peace Corps in the Trust Territory and some basic statistics of its activities. The classification and length of the papers would be within your discretion.
4. We would greatly appreciate your office undertaking this assignment. If there are any questions, I would be happy to answer them.
5. We have been asked to submit a first draft by February 15.
