Dear Mr. President:

I noted with considerable interest your letter of Monday, August 21, to the Congress concerning the establishment of a Commission to consider the future status of the Trust Territory of the Pacific Islands.

As chairman of the Subcommittee on Asian and Pacific Affairs, I have long been deeply concerned about the future of these Pacific islands. In that regard, I was very pleased and heartened by your message of August 21 and wish to take this opportunity to pledge my desire to be of all possible help in obtaining Congressional approval for the Joint Resolution creating the Commission.

With best wishes, I am

Sincerely yours,
