Dear Mr. Melniker:

I write to add my thanks, and my very warm compliments, to those which you've already received from Mr. Milner, for your study on the Trust Territory's political future. I have read your volume with great interest, and I feel very much more enlightened on this wonderful question than I've previously been. While you may not be aware of it, you can be certain that you will be quoted often, both in Washington and in Micronesia, during the months ahead. Thank you for sending us copies, and thank you for undertaking the project in the first place.

Sincerely yours,

Mrs. Ruth G. Van Cleave
