Dear Mr. Chairman,

Enclosed is a Resolution recently passed by the Marshall Islands Nitijela. We are sending you a copy of this Resolution because we sincerely believe that it may be the most important single Resolution ever passed by this body.

This Resolution is one of the first attempts by the peoples of Micronesia to cry out to the world for help in righting the unjust neo-colonial situation under which we now exist. We believe that it is time the world be made aware of our problems and our struggle.

We respectfully request that you read this Resolution, consider its merits, and aid us in any way possible.

Sincerely,

Amata Kabua
Speaker
