Dear Mr. Speaker:

I appreciate your letter regarding Governor Bill Daniel's visit to Truk and the other Islands of the Trust Territory which suffered damages from Typhoon Jen and other major disasters. I now have his report, and am sure it will be of considerable assistance to those who administer the President's disaster relief program.

Please be assured of my continued interest in the welfare of the people of Truk and the other Islands of the Trust Territory.

Sincerely,

Honorable Hermes Katsura
