January 10, 1969

Dear Senator Hambar:

I deeply appreciate your letter regarding Governor Bill Daniel's mission to Guam and the Trust Territory. Because of his knowledge of that area, we were fortunate that he could give of his time and effort in making this survey for us.

He has submitted his report to me, and I am confident that it will be of future value to the Office of Emergency Preparedness as it continues its administration of the President's disaster relief program.

Sincerely,

Honorable George M. Bambs  
Chairman, Committee on Rules  
Ninth Guam Legislature  
Agaña, Guam
