PEACE CORPS

Washington, D. C. 20525

February 24, 1970

MEMORANDUM TO THE DEPUTY DIRECTOR

FROM: ^{me} Melvin J. Mirkin
Program/Training Officer - Micronesia

SUBJECT: Recruiting in General

While at Boalt Hall recently I spoke with one of the Assistant Deans about the possibility of entering into a possibly continuing relationship with Boalt (and maybe Stanford as a joint venture) whereby they would supply us our annual needs for lawyers in Micronesia. As part of the package they would send a faculty member to both supervise and to identify proper areas of legal education and then subsequently implement them. The man with whom I spoke seemed very interested and said he would broach it to the faculty. I will keep you informed.

I am scheduled to be in Chicago the second week in March for recruiting purposes. If you have any follow-up, trail blazing or other ventures where I might be gainfully employed, I will cheerfully execute your commands.
