MEMORANDUM

TO: Mel

FROM: Larry

1. Rumor has it that Nader's Raiders are due for a visit to the Trust Territory of the Pacific Islands. Topic of exploration is unknown but they have expressed interest in personnel records.
2. Rumor also has it that a member of the State Department will soon be appointed to the TT Cabinet .... hmmmmmmmm.....
3. The Congress of Micronesia just past a resolution rejecting Common-wealth status. The Marianas District Legislature is moving for acceptance. I think the arrival of a State Department person could be tied up in the status issue.
