Mr. Larry Johnson
Director
Peace Corps/Micronesia
Saipan, Mariana Islands

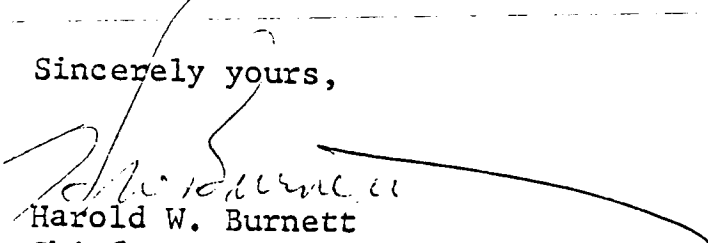

Dear Mr. Johnson:

I have just received copy of a memorandum from Fred Ramp to the Ponape District Director, Peace Corps, which indicates that he has received word that the additional lawyer for Ponape, which we have requested, will not be coming. I would appreciate your verifying whether this is the case.

As you know from our previous correspondence and discussions, I have relied very heavily on Peace Corps for the development of a training program in Ponape. While our own Judiciary commitment is insignificant when compared with that of Fred Ramp, it has been substantial. At this point our chances of continuing, if Fred is no longer available to us, would appear to be slim.

I do not suggest that we will abandon our efforts, but any interruption of the program would seriously affect its chances for successful continuation.

Sincerely yours,

Harold W. Burnett
Chief Justice
