Dear Eddie:

I have been reading the news of your activities and see that (as I expected) you are in the thick of things, particularly with the discussions on the Future Political Status matter.

The enclosed paper was started sometime ago, but I have been so busy I just finished it. If you have any comments on it, please let me know. I will send copies to some of the other members of Congress.

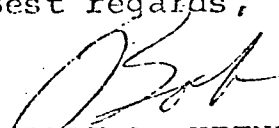

As you probably know, Amata Kabua has expressed some thoughts which more or less agree with my paper. Perhaps this approach is one the Marianas can use.

How is the law practice doing? I have heard that Mo Nakamura has been appointed Deputy Attorney General and Jim White (former District Attorney in Palau) is opening a law practice on Saipan.

Give my best regards to Oly and the rest of the Marianas delegation. Also, say hello to Dulce for Betty and me.

If you ever pass through this way, please let me know so we can have you visit us.

Best regards,

ROBERT A. HEFNER
