Possible Questions for Mr. Wilson

1. Future coordination

They have been very helpful so far--e.g. Adrian de Graffenried.

However, what we expect in terms of substantive statement of the U.S. position prior to the next round?

--E.g., in working groups between the two Delegations,

~~(S)~~ When would he like the next round to begin?

2. Partial Termination of the Trusteeship

Why is this a difficult point for the U.S.?

If impossible, what assurances that an agreement which is reached will be permanently implemented at some point in the future? E.g., Congressional consultation.

3. Other Issues

--How find out more about the U.S. military requirements?
