Dear Emily:

I got back to Honolulu too late to try to make contact with Ambassador Williams, whom I have never met, but we did have a story about his visit. If you can alert me to his forthcoming trips, I would like to try to arrange an appointment.

It's good to know that the Smyser family is related to the likes of you and that you are helping Dick maintain our representation in the Federal government. We're delighted to claim you also as a Hawaii landowner.

Tom Coffman sends regards.

With best wishes and aloha,

Sincerely yours,

A. A. Smyser
