Meeting with Leadership Congress of Micronesia
in Truk

Time permitting, I will appreciate it if you would please approach Speaker Henry at the appropriate time, of course, and in the best manner you know how, to obtain his reaction to our proposal to establish via administrative fiat a political education advisory committee. As you know, a letter did go out sometime ago over the signature of the Deputy High Commissioner, acquainting the leaderships of our proposed action and soliciting their reaction to our proposal. Although the response from the President of Senate, Senator Tosiwo Nakayama was favorable, we have yet to hear from Speaker Henry.

Anything you can do to expedite this matter will be greatly appreciated.
