

# 2 Status Planners To Meet

Sen. Frank G. Lujan, chairman of the Guam Political Status Commission has announced a meeting of the local organization with members of the Marianas delegation in the political status talks with the U.S. government. The unofficial conference is scheduled for Thursday.

Plans for the meeting of the two were initiated by the Guam commission during a visit with the Marianas officials earlier this month. The Guam delegation expressed interest in exchanging ideas and information with the Marianas commission, as part of their study on possible political status alternatives for Guam.

Lujan said the meeting will be exploratory in nature, with no expected discussion of reintegration.
