Dear Jim:

Under separate cover I have sent you copies of various memoranda prepared by us recently regarding contacts with people familiar with the situation in Congress. I would be particularly interested in your opinion regarding these reports.

On a personal note, I want to thank you for referring the Republic of Nauru to our firm. Carlton Skinner called recently to ask us to represent Air Nauru in certain matters before the CAB. After checking the matter with our airline clients and within the partnership, we have agreed to do so and I expect to meet with him in the next week or so. Thank you again for your vigorous support.

Best personal regards to Joanie and the family.

Sincerely,

Howard P. Willens
