16 August 1973

MEMORANDUM FOR MR. RICHARD G. LONG, FMRA, ISA

SUBJECT: Point Paper on Micronesian Public Lands.

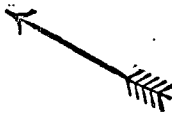

The paper prepared by Mr. deGraffenried on the above subject is helpful but does not completely supply the information we will need in negotiating DoD requirements for land in Micronesia. I am returning this paper to you for your files with the understanding that you may wish to consult it in the future when this issue arises again.
