MEMORANDUM FOR MARIANAS CONGRESSIONAL RELATIONS FILE

Subject: Telcon with Mr. Dunmire

Mr. Dunmire called today to inform me of his recommendation that the minority members of the House Sub-committee be briefed by this office in advance of the next session of negotiations. He will be contacting us in early October to set up a definite schedule for this briefing.

I described generally to Mr. Dunmire the memorandum which we had prepared and planned to use in connection with meetings with Members of Congress. He said that such a memorandum could be very useful. I said that we would plan to send it up to the members of the committee in advance of any meeting with them.

I will be calling Adrian Winkel to find out whether a similar briefing can be scheduled with the majority members of the sub-committee.
