	7.	Collateral Equipment	\$ -0-
	8.	Total Project Cost	\$ 20,000

C. COMMENTS:

Based on estimate of \$100.00 installation cost per light. The vast majority of lights will be placed on existing poles.

D. COMPREHENSIVE DESCRIPTION OF WORK TO BE PERFORMED:

To purchase and install 200 street lights, of a type similar to the ones presently being installed.

E. PROJECT JUSTIFICATION:

The increased in tropic and congestion require that certain areas and roads throughout the district will be lighted.
