MARIANAS DISTRICT CIP PLANNING ESTIMATE A. PROJECT TITLE WATER SAIPAN (TWO WELLS) LOCATION B. I. Estimated date of land certification	KLUI	RITY # 25 FY: 78 TOTAL COST	\$ 100,000
LOCATION 1. Estimated date of land certification a. Land acquisition costs if any		•	
I. Estimated date of land certification a. Land acquisition costs if any————————————————————————————————————	1	PROTECT TITLE WATER SATRAN (TWO WELLS)	·
a. Land acquisition costs if any————————————————————————————————————			
a. Land acquisition costs if any————————————————————————————————————	-		
2. Arch, & Eng. Contract for Design	•	1. Estimated date of land certification	. 6 nnn
3. Construction Estimate Outside Contract Force Account a. Labor \$ d. Materials \$ b. Transportation \$ e. Equipment \$ c. On-site Utilities \$ f. Site Work \$ 4. Subtotal			·
Outside Contract	-	3. Construction Estimate	\$ 84,000
4. Subtotal———————————————————————————————————		Outside Contract Local Contract Force Account	
4. Subtotal———————————————————————————————————		a. Labor \$ d. Materials \$	<u>-</u>
4. Subtotal———————————————————————————————————		b. Transportation \$ e. Equipment \$	· -
5. Contingency funds for Construction - (10% of line 4)		6 Subtotal	<u>s</u> 90,000
6. Subtotal———————————————————————————————————			·
8. Total Project Cost		6. Subtotal	\$ 100,000
Based on \$42,000/well (equiped and connected). COMPREHENSIVE DESCRIPTION OF WORK TO BE PERFORMED: To drill two (2) wells and install pumps and connecting pipe line. Project site has been recommended by Thomas Davis study and is near Isley Field and existing well fields. PROJECT JUSTIFICATION: This project is part of a continuing program of water transmission—and source development in order to increase production and decrease		7. Collateral Equipment	\$0_
