1. Try to get Salie to do the talking - he said he had a number of issues to raise with me.
2. Y.N.R. Case - my position must be clear.
3. Pol Education - a most difficult question. How said Salie still raising fuss over Heine matter - again all the blame is being put on OSN and FtW. - must have prepared position this matter.

Need to consider alternatives — and possibly fresh new approach — one

new approach might be to have

one-two-three preparatory functional

meetings of sub-committees — land

Issues : Econ-Finance : Transition

during Oct-Nov — with seventh round scheduled for Dec..

A second approach and the one we have been thinking about — is having the

next talks centered on the single question of land — all aspects —
