MEMORANDUM

TO: Mr. Willens

FROM: R. Kelley

RE: Marianas - Leonard Memorandum Listing Federal  
Aid Programs

Jim Leonard called today to express a caveat regarding Fran Mahoney's memorandum dated April 9 which listed federal grant programs. Jim stated that he wanted to make clear that these grant programs were not necessarily those that the Marianas must have. He said that his office does not yet know which federal grant programs can be considered as "vital" to the Marianas. He stated further that the programs listed in Mahoney's memorandum were "those that came to mind" as they reviewed the variety of federal grant programs in response to my request for a list that would constitute an ideal package for the Marianas.
