Chairman
Marianas Political Status Commission
P. O. Box 977

Dear Ed:

Although I know that money is very short, I think it is appropriate for you to have the enclosed statement for our services covering the first three months of 1974. I have continued the practice of billing the Commission at the rate of \$5,000 per month. When money becomes available to the Commission, I hope that you will try your best to apply some of those funds to this statement.

Sincerely,

Howard P. Willens
