The Honorable Franklin Haydn Williams
President, Asia Foundation
P. O. Box 3223
San Francisco, California 94119

Dear Ambassador Williams:

During the last session of negotiations, the establishment of a memorial park for the area of approximately 197 acres of the Tanapag Harbor retention land was, in general terms, concluded. An overall map of the area was submitted and favorably received. In response to this development we requested that close coordination with a member of our commission be developed for the actual planning purposes of this park.

Mr. Pedro A. Tenorio will be our representative for purposes of detailed planning of the park area. We would appreciate knowing in advance when this work is to be coordinated with Mr. Tenorio back in Washington so that the appropriate travel and accommodations may be arranged. I would appreciate hearing from you at your earliest convenience in this regard.

Sincerely yours,

Edward DLG. Pangelinan
Chairman
