MEMORANDUM FOR THE ACCOUNTING DEPARTMENT

re: Marianas Political Status Commission - Travel Disbursements

As you are aware, Mr. Willens made a trip to Saipan on August 11, returning on August 22, 1974. When I picked up the ticket it was charged to HPW's International Air Credit card. The charge for this should show up on the firm's October account with TWA. However, enclosed is a check from the Marianas Political Status Commission in the amount of \$1,142.91 in full settlement for this ticket. Therefore, it should be marked paid against the airlines account.
