

Administrator, Saipan, M.I.

Memorandum

TO : Chief, Lands and Surveys, Hdqrs.

DATE: 9/9/74

FROM : District Administrator, Marianas

SUBJECT: Surveying Agricultural Homesteads

In response to Deputy High Commissioner Coleman's memorandum of August 30, 1974, this is to advise you that the Marianas District desires the surveying assistance offered.

Our priorities are:

1. Immediate survey of approximately one hundred Agricultural Homesteads on Saipan.
2. Upon definition of the boundaries of public lands throughout the Marianas District by the Cadastral Survey program, the District will prepare Subdivision Plats after which surveying assistance will be required.

The District Land Management Officer is hereby designated to coordinate this program with your Division.

Francisco C. Ada
