Dear Jack;

Enclosed for your information is a copy of the Joint Communique summarizing the results of the most recent session of negotiations in Saipan. I am in the process of preparing a memorandum for the client and others which will attempt to describe the current status of negotiations and the important issues remaining for resolution. After I have completed this project, I would appreciate the opportunity to review the matter with you again.

Best wishes for the new year.

Sincerely,

Howard P. Willens
