NORTHERN MARIANA ISLANDS IN POLITICAL UNION
WITH THE UNITED STATES OF AMERICA

Whereas, the Charter of the United Nations and the Trusteeship Agreement between the Security Council of the United Nations and the United States of America guarantee to the people of the Northern Mariana Islands the right freely to express their wishes for self-government or independence; and

Whereas, the United States supports the desire of the people of the Northern Mariana Islands to exercise their inalienable right of self-determination; and

Whereas, the people of the Northern Mariana Islands and the people of the United States share the goals and values found in the American system of government based upon the principles of government by consent, individual freedom, and democracy; and

Whereas, for over twenty years, the people of the Northern Mariana Islands, through public petition and referendum, have clearly expressed their desire for political union with the United States;

Now, therefore, the Marianas Political Status Commission, being the duly appointed representative of the people of the Northern Mariana Islands, and the Personal Representative of the President of the United States have entered into this Agreement in order to establish a self-governing commonwealth for the Northern Mariana Islands within the American political system and to define the future relationship between the Northern Mariana Islands and the United States. This Agreement will be mutually binding when it is approved by the United States, by the Mariana Islands District Legislature, and by the people of the Northern Mariana Islands in a plebiscite, constituting on their part a sovereign act of self-determination.

[(2) the United States will reimburse the Government of the Northern Mariana Islands for the actual reasonable cost of obtaining title to the land described in Section 802 and the actual reasonable cost of removing any and all encumbrances with respect to such land which would be inconsistent with the lease to the United States for defense purposes;

[(3) the United States will obtain the interest in the property described in Section 802 under the lease upon payment by the United States of the sum determined by paragraph (4) hereof, provided that if the United States does not make such a payment within five years after the approval of this Agreement the lease will be null and void and of no further force and effect; and provided further, that each year or portion thereof following the expiration of the first year after the approval of this Agreement, until the expiration of five years after such approval, or until the payment by the United States of the sum determined by paragraph (4) hereof, whichever occurs first, the United States will pay to the Government of the Northern Mariana Islands a sum which bears the same ratio to [ten] percent of the amount determined by paragraph (4) as the number of acres owned or held by the Government of the Northern Mariana Islands within the area described in Section 802 (excluding, prior to the termination of the Trusteeship Agreement, land subject to a Use and Occupancy Agreement) bears to the total acreage therein, in recognition of the inability of the people of the Northern Mariana Islands to make full use of such land because it may have to be made available to the United States;

[(4) the United States will pay to the Government of the Northern Mariana Islands \$_____ million for the interests granted to the United States in the property described in Section 802, provided that this sum will be adjusted for each fiscal year until it is paid, by a percentage which is the same as the percentage change in the Guam Consumer Price Index using 1975 as the base year;

[(5) if the United States exercises its option to renew the lease for an additional 50-year period it will pay to the Government of the Northern Mariana Islands just compensation for the interests in property it obtains through the exercise of the option, but nothing will prevent the United States from the continued use and occupancy of the property with respect to which it exercises its option until just compensation is determined by negotiations between the Government of the United States and the Government of the Northern Mariana Islands, or by the District Court for the Northern Mariana Islands in accordance with applicable rules for determining just compensation in eminent domain cases;

[(6) upon failure by the United States during a period of five years to make substantial and frequent use of the property, or of any significant portion thereof, for the purpose for which the property has been made available,

the interests of the United States in such property granted pursuant to the lease will be terminated, provided however, that the United States will be permitted to remove therefrom such property as it is permitted to remove pursuant to applicable law;

[(7) consistent with the intended use by the United States, the people of the Northern Mariana Islands will have maximum use of and accessibility to the property (including beaches, waters and other natural resources) leased to the United States, and such use and access will be on a basis no less favorable than that of the military personnel and their dependents for non-defense purposes;

[(8) there will be joint civilian and military use of the air field to be constructed on the Island of Tinian, and of the harbor at San Jose Village on the Island of Tinian, and appropriate civilian authorities will become responsible for the harbor no later than the termination of the Trusteeship Agreement;

[(9) in the course of planning and building infrastructure and facilities on or relating to the property leased to it, the United States will, to the maximum extent practicable, work jointly with the Northern Mariana Islands, and will promote the development of the local community through the appropriate joint use and development of power, water and similar facilities;

[(10) the United States will lease back to the Government of the Northern Mariana Islands for a nominal fee for the maximum practicable period of time the maximum practicable amount of property for agricultural and other appropriate purposes which are consistent with the intended use of the property by the United States;

[(11) in utilizing the property to be made available to it, the United States will act in a manner which accords full respect to the environment of the Northern Mariana Islands and to the safety of the people and property therein;

[(12) the United States will to the maximum extent practicable utilize and cause its contractors and employees to utilize the resources and services of the people of the Northern Mariana Islands in construction and supply activity relating to the property leased to the United States as if the Northern Mariana Islands were part of the United States, and the United States will provide technical and financial assistance to the people of the Northern Mariana Islands in accordance with applicable law to assure their participation in economic activity relating to the use of such property by the United States;

[(13) there will be established a Joint Committee on Civilian-Military Affairs to which any person with a grievance relating to the presence of the United States

military in the Northern Mariana Islands may submit such grievance, and which will make a good faith effort to resolve such grievance; and

[(14) upon an adjudication by a court of proper jurisdiction that the United States has breached this Agreement, and upon a failure of the United States to correct a breach within a reasonable time, the Government of the Northern Mariana Islands may cause the lease to be terminated, but shall not terminate the lease under any other circumstance not provided for in the lease itself.]

Section 804. [MPSC: (a)] The Government of the United States will cause all agreements between it and the Government of the Trust Territory which grant to the Government of the United States use or other rights in real property located within the Northern Mariana Islands, ~~§~~ other than (real property described in Section 802 and) real property required for active use by the United States for civilian governmental purposes, to be terminated upon or before the approval of this Agreement.

[MPSC: (b) The Government of the United States will cause all agreements between it and the Government of the Trust Territory which grant to the Government of the United States use or other rights in real property located in the Northern Mariana Islands described in Section 802 to be

[MPSC: (c) The Government of the United States and the Government of the Northern Mariana Islands will negotiate in good faith concerning the terms and conditions under which real property located in the Northern Mariana Islands needed for active use by the United States for civilian governmental purposes will be made available, and concerning the terms and conditions of the joint use of Isely Field on Saipan; provided, however, that the United States will continue to have the use of such real property and the joint use of Isely Field under the terms and conditions in effect upon the approval of this Agreement until but not after such negotiations are completed or the Trusteeship is terminated, whichever first occurs.]

Section 805. Except as otherwise provided in this Article, and notwithstanding the provisions of the Constitution or laws of the United States applicable to the Northern Mariana Islands, the Government of the Northern Mariana Islands, in view of the importance of the ownership of land for the culture and traditions of the people of the Northern Mariana Islands, and in order to protect them against exploitation and to promote their economic advancement and self-sufficiency, [US: will] [MPSC: may; or: will be empowered to] regulate the

alienation interest in real property, other than short term interests, so as to restrict the acquisition of such interest to persons of Northern Mariana Island decent [US:, as will regulate the extent to which land now classified as public land can be held by individuals].

Section 806. (a) The United States recognizes and will respect the scarcity and special importance of land in the Northern Mariana Islands. If the United States must acquire any interest in real property not transferred to it under this Agreement, it will be careful and reasonable selection, seek to acquire only the minimum area necessary to accomplish the public purpose for which the real property is sought; seek only that minimum interest in the real property necessary to support such public interest, acquiring title only if the public purpose cannot be accomplished if a lesser interest is obtained; and seek first to satisfy the requirement by acquiring an interest in public rather than private real property.

(b) The United States may, upon prior written notice to the Government of the Northern Mariana Islands, acquire for public purposes in accordance with established federal laws and procedures any interest in real property in the Northern Mariana Islands whether owned or controlled by private parties or by the Government of the Northern Mariana

Islands by purchase, lease, exchange, gift or otherwise under such terms and conditions as may be negotiated by the parties. The United States Government will in all cases attempt to acquire any interest in real property for public purposes by voluntary means under this Subsection before exercising the power of eminent domain under Subsection (c).

[MPSC: (c) (1) In the event it is not possible for the United States to obtain an interest in the real property for public purposes by voluntary means, it will have and may exercise within the Commonwealth the power of eminent domain to the same extent and in the same manner as it has and can exercise the power of eminent domain in a State of the Union; provided however, that the United States will not exercise the power of eminent domain to acquire any interest in real property within the Commonwealth until the Congress of the United States has by law explicitly approved the exercise of the power of eminent domain to obtain a particular interest in particular real property in the Commonwealth.

[(2) Notwithstanding the provisions of Subsection (c)(1) of this Section, upon a determination by

the President that an interest in real property in the Commonwealth is needed for national defense purposes, the United States may take such an interest by eminent domain to the same extent and in the same manner as it can take such an interest by eminent domain in a State of the Union. No interest in real property taken pursuant to the preceding sentence will extend beyond nine months, and at the end of such period, the interest will revert to the original owner thereof, unless the United States shall have obtained an interest in such real property in accordance with Subsections (b) or (c) (1). The authority of the United States under the first sentence of this Subsection (c) (2) will not be exercised with respect to any particular real property unless six months or more have elapsed since the most recent exercise of this authority with respect to such real property.]

[US: (c) Except as provided in Subsection (d) of this Section the United States will not seek any interest in real property unless the Congress of the United States has both authorized the proposed project and provided funds therefor. Any interest in real property acquired pursuant to such congressional action will be by voluntary means

where possible. The power of eminent domain will be exercised within the Commonwealth only when voluntary means fail, only to the extent necessary, in compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, and with full recognition of the due process procedures required by the United States Constitution.]

[US: (d) The minor land acquisition authority of title 10, United States Code, may be exercised within the Commonwealth to the same extent as it is available within any State of the Union.]
