December 19, 1974

The Honorable F. Haydn Williams
The President's Personal Representative
for Marianas Status Negotiations
Saipan, Mariana Islands 96950

Sir:

In order to develop as quickly as possible the complete dissemination of the most recent joint communique, the draft Covenant, and an additional explanatory memorandum, if feasible, we intend to start translations into Chamorro and Carolinian beginning Monday, December 23, 1974. We request your assistance in seeking the cooperation of the Trust Territory Government's Department of Public Affairs and the Education for Self-Government Task Force to assist us whenever and wherever possible. With their assistance, we should be able to complete this translation and dissemination before the end of the year.

Very truly yours,

Edward DLG. Pangelinan, Chairman
