

2-31-84

We have just located four additional documents responsive to your April 19, 1983 request on the Northern Marianas negotiations. These documents had been inadvertently misplaced in some unrelated files in our Office, and therefore were not among the documents we reviewed and processed in response to your request.

Of these documents, we are releasing one -- a pamphlet entitled "Marianas Political Status Negotiations, Fifth Session, Saipan, Mariana Islands" -- to you in full. We have in our possession another copy of the same document with handwritten notes taken by Herman Marcuse. We have withheld the handwritten notes under Exemption 5. Since the remainder of the document is identical to the copy being released to you, we have not provided a second copy.

Pamphlet "Marianas Political Status Negotiations, Fifth Session, Saipan, Mariana Islands" released in part by DoJ letter 11/17/86.
