Dear Miss Neforas:

I am a member of the ABA Section of International Law and am writing to request a copy of the current report of the Section's Ad Hoc Committee on the Law of the Sea. Mr. William Griffin, Rapporteur of the Ad Hoc Committee, suggested I write to you for a copy of the draft report.

Our firm is acting as counsel to the Marianas Political Status Commission in negotiations with the Executive Branch of the U.S. Government with respect to the possible creation of a new political relationship between the Marianas and the United States. Accordingly, I would be interested in any special material prepared by the Ad Hoc Committee that relates to issues in the upcoming UN Conference that may bear on the interests of U.S. island territories or possessions.

Thank you for your assistance.

Sincerely yours,

Robert K. Nailey
