MEMORANDUM FOR MR. KELLEY

Subject: MPSC -- Applicability of Laws -- Guam Formula

Pugh v. United States, 212 F.2d 761, 763 n.3  
(9th Cir. 1954) refers to the following potentially useful material, which we presently do not have: "Resource Material Used in the Report of the Commission on Application of Federal Laws to Guam, Gov't Printing Office, 1952." While it is probably out of print, perhaps a paralegal can find it at the Library of Congress or GW or elsewhere.

*There is a note on the Conna report cover page: "Resource material - - - 261 pages loaned to Admair de Gaffernid OSN" 12/5/72*
