Dear Jim:

I have and thank you for your letter of January 29, enclosing a Mag Card.

Before I received the letter I dispatched Howard with a set of Mag Cards containing the Covenant safely in hand. I hope that these cards are compatible with your machine. I also hope that they arrived in Saipan without having been erased by an airport security machine, as we were warned was a possibility.

I hope that the negotiations are proceeding smoothly, and I look forward to hearing from your or Howard when you have some good news.

Best regards.

Sincerely,

Michael S. Helfer
