Dear Howard:

As you know, the District Legislature resolution passed unanimously regarding approval of the Covenant. Enclosed is a copy of the resolution to be introduced on Monday, February 24, 1975 asking for a plebiscite. Also enclosed are the revised pages of the draft Articles of Incorporation--copies of which will be given to all members of the Mariana Islands District Legislature on Monday. I hope to have further meetings on Monday with the District Legislature regarding this important legislation. I will keep you informed.

Sincerely,

James E. White
Attorney at Law

the second whereas of the resolution tends to strengthen the somewhat shaky therefore clause of the resolution approving the covenant. Also checked the Tech. agreement and approval of covenant by MDC in approval of Tech. agreement so no need to append.
