Billing

01

February 21, 1975

Edward D.L.G. Pangelinan, Esq.  
Marianas Political Status Commission  
P.O. Box 977  
Saipan, Mariana Islands 96950

Dear Ed:

Needless to say, I was very pleased to receive word of the District Legislature's action on the Covenant and Technical Agreement. From now on, it is up to you and your colleagues to insure that we have a similarly resounding win at the plebascite.

In the hope that the Legislature will appropriate the necessary money, I am enclosing a statement for services through February 1975. As we discussed, this completes the representation of the Commission which this firm agreed to undertake beginning in December 1972.

I look forward to seeing you in March in Washington. Before that time I will give some thought to the services, if any, which this firm would be prepared to provide in the event that you and other members of the Commission would like to retain us in the future.

Best personal regards,

Sincerely,

Howard P. Willens

P.S. I found that I brought back to Washington by mistake the original of your speech at the signing ceremony. It is enclosed.
