Dear Howard:

I am in receipt of your communication to Ed of April 15, 1975. All seems to be proceeding here as unsmoothly as ever, and hopefully we will wind up with a positive result in reference to status.

The Commission is having nightly meetings throughout the district and the newspapers enclosed are the latest two copies of the Covenant Newsletter and the last issue of the Free Press. The Newsletter is still being put out even though it is not quite as formal as it once was. The copy of the Free Press is to show you the latest type of opposition that is being developed here in the Trust Territory. I feel the campaign will get dirtier before it is all over. However, it should be a dinger with both Ed and Pete on the same side for a change.

I am going to the Trusteeship Council meeting in New York with the Commission members, and we assume that you or someone from your office will also be attending. Ed is thinking in terms of going to Washington prior to the United Nations session for a few days for preparation and discussions with you in reference to the United Nations meeting and other problems. It had been my intention to go straight through to New York for the meetings and then go to Washington for a time thereafter. However, I am flexible and can change my plans as need be. I am enclosing my tentative itinerary for your convenience.

I have been told that the Hotel Tudor in New York is handy to the United Nations and that it is, although somewhat mundane, reasonably priced. Would you mind making reservations

there or at whichever hotel is appropriate for about four people from Saipan as well as for whomever is attending the meeting from your office. There is no problem if we have to share rooms since it will be for such a short period of time.

I plan to spend some time in Washington after the meetings, possibly up to a month, wherein I intend to delve into certain matters we discussed when you were out here last time; and hopefully I can arrive at a fruitful result. I look forward to seeing you, and any assistance that you could develop during my stay in Washington will be appreciated.

Sincerely yours,

James E. White
