MEMORANDUM

TO : Jorge Cordova, General Counsel

THRU: P. David Searles, Regional Director/NANEAP

FROM: Sandra Wogann, CDO/Micronesia

SUBJ: Marianas Political Status Change

The U.S. Congress is presently considering legislation
that will approve a Commonwealth Covenant for the Mariana
Islands of Micronesia. This is the result of a recent
plebiscite held in the District in which approximately
75% of the votes were in favor of establishing a
Commonwealth.

Due to the likelihood of passage, the PCD/Micronesia,
Jack Burgess, has requested that GC update their research
and render opinions in the following areas:

1. When does the Marianas District become
    domestic territory, thereby necessitating
    Peace Corps departure?

2. When can ACTION/DO programs be introduced?

3. Can an ACTION headquarters office in Micronesia
    administer/coordinate both IO and DO programs?

Attached are materials that have been forwarded by
Jack Burgess for your consideration.
