SUBJECT: Additional Language for Micronesian Compact

Adrian deGraffenried (OMSN) called this afternoon to ask our views on the following proposed language, which would be inserted in the Compact as section 605(b) (present 605(b) to become 605(c)):

"In view of the U.S. objectives to facilitate the development of the Micronesian economy and to promote progress towards economic self-sufficiency, the Government of Micronesia will, to the greatest extent feasible, give sympathetic consideration to requests for preferential treatment for the private commercial activities of the United States within Micronesia."
