Memorandum for Messrs. Willens, Lapin, Koffsky, Major,
Weisburd and Solomon

Mr. Pangalinan called this morning to announce that the Virgin Islands and Guam bills passed both houses of Congress and they will be convening Constitutional Conventions soon. Seems like constitution writing may become a growth industry.

He also reported that one of the delegates to the Northern Marianas Constitutional Convention, Mr. de la Cruz (from Rota) is in town and may wander by.

It may be that Continental Airlines can work some special arrangement for the NMI government to get our boxes to Saipan. The Washington Representative is checking that out.
