48 Nevern Square
London SW5

16 November 1976

Mr. Howard P. Willens
Constitutional Convention
Saipan, Mariana Islands
USA

Dear Howard,

In the long period of silence since I last heard from WCP I had developed considerable curiosity about what was going on in the Pacific. Your letter was welcome. Except I am sorry to hear you will not be needing "outside experts." I had hoped to escape the dreariness of winter in London!

This is really a quick note to indicate that I doubt I can be of much help. Your letter which was dated 3 November was not posted from Saipan until the 11th and arrived the 16th. Your request was that I respond by the 15th. In addition, I leave tomorrow morning for a brief lecture swing in Austria for the USIS.

I will review the material when I return and pass on whatever comments I have, hoping they will not be too late for some use.

I am happy things are going well out there and I wish all of you great success.

Sincerely,

John P. Wheeler, Jr.
