MEMORANDUM FOR HOWARD WILLENS

SUBJECT: FILED Request for MPSC Documents

I have read the undated letter from Malloy and its enclosures. I do not want to be a stumbling block here, but I am not persuaded that the letters from Guerrero or even Tenorio are enough. If the MPSC no longer exists, I think we should have a resolution from the district legislature, or at least a letter from Eddy explicitly authorizing us to turn over to Malloy position papers (including drafts?) that are not otherwise public information.
