The Honorable Lorenzo I.D. Guerrero  
Chairman  
Finance & Other Matters  
2nd Constitutional Convention  
Saipan, CM 96950

Dear Delegate Guerrero:

This is to respectfully request your honorable committee to consider and give favorable passage of the Proposal 107-85.

The significant passage of the Proposal 107-85 will continue and maintain the true identity of the original people of the Northern Marianas.

We are experiencing the influx of the people from other countries, intermarriage has taken place, adoption, and other varieties of scheme applied, will result in the Marianas population as, "from many ones, Marianas."

Taga Stone and Mwar as indicated in the Proposal 107-85, truly symbolize the Chamorros and the Carolinians of the Northern Marianas. I support and appreciate the submission of the Language Commission Executive Director's design as indicated in the Proposal 107-85 attachment.

  
Felix F. Rabauliman  
Executive Assistant for  
Carolinian Affairs
