

MEMORANDUM FOR THE COMMITTEE ON EXECUTIVE BRANCH AND LOCAL  
GOVERNMENT

SUBJECT: Issues Before the Committee with Respect to Article XIX (Code of Ethics)

There are only two proposals to date before the Committee with respect to this article. One would eliminate this provision as legislative in nature. Another would require, in the case the Convention chooses to have a part-time legislature, that the legislators disclose their financial and possible conflicts of interest arising from their employment elsewhere, although such disclosure would not lead to any disqualification.
