

## NOTES FOR SESSION

1. Summary Journal: The summary journal has been prepared and signed by the Convention Clerk. This summary journal just lists the principal actions taken by the Convention; it does not report everything.
2. Daily Journal: The daily journal has been prepared by the court reporter. This is a verbatim transcript of our proceedings. It has been distributed to all delegates for any corrections before it is signed by the Convention Secretary. If there are any corrections that a delegate wants to make, please see our counsel Bernard Zimmerman. He will coordinate with the reporter to get the corrections made.
3. Votes: Please record your votes in English so that the court reporter can get them down accurately. If you want to make remarks in Chamorro or Carolinian, that is all right, but the votes need to be in English for the record.
