

MEMO

To: John Manglona
From: Bernard Zimmerman
Subject: Article X
Date: June 11, 1995

In connection with the proposals to amend Article X, public finance, we anticipate a need for expert assistance, and perhaps public hearings, in two areas; deficit reduction and tax policy.

Would you give some thought to possible consultants in these areas. If the Committee wants to consult with experts, we may have a fairly short lead time, so I would like to be ready.
