

MEMO

TO: Chris Byers  
Robert C. Atherton

FROM: Bernard Zimmerman

SUBJECT: Northern Mariana Islands: Super Majority Voting Requirements for  
Constitutional Amendment; Legislative Apportionment

DATE: June 11, 1995

Thank you for your June 9th memo, which was very helpful. I would be interested in seeing further analysis of the Schaeffer, Massachusetts, and Stein cases, with particular attention to their factual setting. I do not understand why a judicial election or a petition to place something on the ballot should not be subject to the one person - one vote rule.
